

THE “GREEN BOOK”

Each year the Women’s Golf Association of Northern California (WGANC) publishes a small book (with green cover) containing information regarding WGANC Directors, Rules Officials, Course Raters and Open Day Assistants. It also lists the clubs that belong to WGNAC and provides contact information. *Most importantly*, it lists the dates for Open Days and WGANC tournaments for the year with descriptions and requirements for each tournament.

Additional information and updated information concerning WGANC tournaments is also available online at www.wganc.com
